## NEOTANE® TECHNOLOGY

**NEOTANE® Technology** is the combination of a unique blend of materials and the innovative way of processing it. The high performing NEOTANE® material has been developed based on over 60 years of experience and the feedback from millions of end users. For decades we have been working together with the best equipment suppliers guaranteeing us high quality products made with NEOTANE® Technology.

- 1 Sealed skin: strong and impermeable on the outside
- 2 Tiny air bubble structure: light and insulating
- 3 Self-regulating thermal process on the inside
